I have been active in seeking corrective measures to address the issues with the failed 2011 Revaluation. Feel free to discuss my involvement with Tom Derham (CRAC Chair) and/or Bob Pearson (of Pearson Appraisal which was hired by the County to correct the 2011 Revaluation). My interest is in helping to make sure that a situation such as the failed 2011 Revaluation NEVER happens again and the

controls set in place, such as the BER, are implemented and carried out in a manner that results in equitable and fair property valuations.

- **Areas of expertise and interests/skills:** I have spent the past 13 months researching the real property valuation process used by the Tax Assessor's office. I have become knowledgeable with property record cards, the Schedules of Values and the state laws that govern the revaluation process. I have owned 11 real estate properties in the past 20 years. I have managed the renovation of four homes and the rental of two properties. I have been an appellant in Mecklenburg County and understand the complicated issues of the appeals process. I want to represent the BOCC -- be their voice and act independently from the Tax Assessor's office. After the errors and poor customer service of the 2011 and 2012 BERs, a new and independent board is the only way to ensure confidence in the process. Thank you for your consideration.
