- **Hours per month available for position:** 15-25
- **County advisory board currently serving on:** n/a
- **Expiration date:**
- **Education:** Master of Science in Accounting
- **How did you learn of this vacancy?:** Other
- **Business and civic experience:** As I've progressed in my career and personal endeavors I'm continually inspired by strong, intelligent women and the amazing things they can accomplish. At the same time, I'm bothered by the inequalities I see in regards to wages and the lack of education and opportunities for women in our community. I believe it is our responsibility as a prominent city and county to ensure that everyone has the opportunity to reach their potential and lead a well-balanced life. I believe this is best achieved through providing education and guidance that allows women to take leadership roles and have a voice in their community and I would welcome the opportunity to serve on The Women's Advisory Board to assist in closing these inequalities. I think it's vitally important to get my generation involved in civic roles and providing input into the development of Mecklenburg. I'm a native North Carolinian from Hickory and take pride in calling Charlotte my home for the past eight years. I'm in my eighth year as a CPA in public practice. I currently work primarily with several Charlotte based not for profits and privately held businesses. I have experience in the manufacturing, distributing, real estate, construction and professional services industries. I serve primarily as a financial statement auditor and have experience in taxation, compliance audits, general accounting assistance and consulting. I've taught a class "Accounting for the Non-Accountant" at The Employers Association. I'm involved with Tri it for Life, a not for profit women's triathlon group whose mission is to inspire women of all ages, sizes, backgrounds and abilities to develop healthy lifestyles through multi-sport training,

mentorship and commitment. I have volunteered and fostered with Charlotte Mecklenburg Animal Care and Control, Charlotte Humane Society and other animal rescue groups. I've assisted in fundraising and advocacy for Teens Taking Action, a peer education group.

- **Areas of expertise and interests/skills:** I have a solid background in finance and accounting and understand the need to balance spending with meeting citizens' needs. My role as an auditor has honed my skills in working with people from various backgrounds to reach common goals in an efficient manner. I have event organization and fundraising experience. My hobbies include running, swimming, biking, exploring Charlotte's greenways and parks with dogs in tow and discussing current novels with my book club.

- **Place of employment::**
- **Race::** African American
- **Sex::** Selected Items
  - (Female) Female
- **Age::** 31
- **Hours per month available for position::**
- **County advisory board currently serving on::** n/a
- **Expiration date::**
- **Education::** Ph.D. Counseling Studies (Intimate Partner Violence)
- **Business and civic experience::** I am also looking to connect with other Professionals within the Charlotte area. I relocated to Charlotte in October 2007 from Alabama, where I was a Behavioral Healthcare Clinician with Alta Point Healthcare. Within this position, I provided Individual, Family as well as Group Therapy to children/adolescents and their families. Many of my clients were considered "high risk" as many of them had a past or present history of child abuse and/or sexual assault. In addition to counseling, I conducted daily intake assessments, formulated treatment plans and provided diagnosis with reference to the Diagnostic Criteria from DSM-IV-TR. I held weekly parenting skills training groups as well as anger management groups for adults and adolescents. My practice guidelines included but were not limited to supportive therapy, cognitive behavioral therapy, systemic family therapy, behavior modifications, social skills training and play therapy. I was employed by Pathways LME, Gastonia, North Carolina, where I served as the Care Coordination Specialist. Within this position, I participated in treatment teams and Person Centered Planning activities for high cost/high risk consumers. I collaborated with providers and provided case-specific input to facilitate comprehensive and high quality crisis plans that anticipated consumer needs and responded proactively always starting out with the least restrictive options. I also ensured that these plans were available on line or that a paper copy of the most recent crisis plan remained on file with the LME. I also made referrals for many consumers once discharged from inpatient facilities as well as provided ongoing monitoring and tracking to ensure continuity of best practice community-based services.

- **Areas of expertise and interests/skills:** I have a Ph.D. in Counseling Studies with research in Intimate Partner Violence/Domestic Violence. My dissertation research studied the perception and attitudes of Intimate Partner Violence among African American women residing in rural communities. As a qualitative researcher I was responsible for the administration, coordination and implementation of the Domestic Violence Intervention Program for victims of domestic violence and their families, including help line services, public information and referral, advocacy, counseling and community education and outreach. This involved a great deal of public contact and community liaison work.
