

June 17, 2013

Mr. Bobbie Shields
Interim Mecklenburg County Manager
Charlotte-Mecklenburg Government Center
600 East Fourth Street, 11th Floor
Charlotte, North Carolina 28202

Dear Mr. Shields:

At their meeting on Monday, June 10, the Charlotte City Council approved an increase in the Storm Water fee for the minor system inside the City. Effective July 1, 2013, the new monthly Storm Water rates for the City's portion of the Storm Water fee are as follows:

- a. **\$5.36** per month for detached single-family properties with less than 2,000 square feet of impervious area.
- b. **\$7.89** per month for detached single-family properties with 2,000 or more square feet of impervious area.
- c. **\$131.56** per month for non-single-family properties. Rate will be applied to each acre of impervious area and a prorated share of each portion thereof.

In accordance with the Interlocal Agreement entitled "AGREEMENT FOR THE OPERATION OF A SINGLE STORM WATER SYSTEM IN MECKLENBURG COUNTY," we request the Mecklenburg County Board of County Commissioners approve the change in the minor system component of the service charge levied within the City. The change would be pursuant to the amounts listed above.

If you have any questions, please call Jennifer Smith, City Storm Water Services Manager, at 704-336-7924.

Sincerely

Ron Carlee
City Manager
