Hi, Phil. I absolutely understand where you are coming from, and I know you have not been at Meck very long, so you have not had much time to put this together. At Cardinal Innovations, we will dust off our expansion plan and start thinking about this, and will be on stand-by. Just let us know when you want to discuss further! Have a wonderful New Year!

Good Morning Pam!

Like you, I received a call from Secretary DeLia on Friday afternoon. Clearly, we are frustrated and not at all pleased with his stated direction in this effort. I am not able to make any decisions at this time how best to partner with you and Cardinal Innovations moving forward. At least for the time being, Mecklenburg County is going to focus our resources on MeckLINK going live on February 1, 2013. We are exploring and will continue to explore all of available options. We have come too far and have made too many commitments to change course at this late date. I am sure that you can understand this position.

Phil

Hi Phil. I hope you had a great holiday! I had a call from Secretary Delia on Friday, as I believe you did. I am not clear on the specifics of the letter that the Secretary will issue later today but I wanted to see if you wanted to get together to discuss any plans. I understand that you may not be prepared to make any decisions at this time, but I wanted to let you know that I am happy to meet with you or others to discuss. I believe we can work out a collaboration that would be a win-win for the county and for Mecklink. Please feel free to contact me at any time. My office phone is 704-939-7701 and my cell is 704-305-2039.

I look forward to working with you in 2013!
