

## EXHIBIT 1

### MECKLENBURG COUNTY FACILITIES NAMING AND RENAMING POLICY APPLICATION

#### I. General Policy Statement

The Board of County Commissioners (BOCC) shall be responsible for approving all names facilities of Mecklenburg County Government consistent with the Mecklenburg County Facilities Naming Policy.

#### II. Applicant's Information

Name of Individual/Group Making Application: James P. Knuckles

Address: 9224 Sandburg Avenue, Charlotte, NC 28213

Telephone: Home: 704-717-8030 Business: 704-549-1431

Mobile: 704-661-4321 Fax: 704-597-1490

Email: jpk9224@aol.com

Site of Naming/Renaming to be Considered: Access easement at Eastway Community Park connecting Eastway Regional Recreation Center, Briarwood Community Park and Briarwood Elementary School.

#### III. Recommendation and Supporting Information

Recommended Name/Title: Jackie Gregg Knuckles, Jr. Connector (Named for the grandson of the applicant)

The recommended name is in reference (check one of the following):

----- a living person

x

----- a deceased person

----- other reference (please explain):

*(If neither, please skip all remaining questions and provide additional information to support recommended title)*

#### IV. Background Check

Please provide the following information for the individual for which you are requesting the facility be named. This information is for purposes of a background check and will be held confidential.

Current Address (if living): 9224 Sandburg Avenue, Charlotte, NC 28213

Date of Birth: 06-03-46

Social Security Number: 

#### V. Name of civic/community activities, position of leadership and dates of involvement

James was a member of the Calvary Apostolic Church community and a consistent visitor of the Saint Paul Baptist Church. He was a frequent participant in offering the services of his company, K&S Sanitation Services, Inc. for local cleanup campaigns. In 2006 James led the efforts in a target cleanup of New Hope Presbyterian Church cemetery. He has provided an invaluable assistance/service to the quality of life of Charlotte East communities.

#### VII. Organizations and positions held:

Mr. Knuckles is founder and owner of K&S Sanitation Services, Inc. James has provided over 32 years of service and mentoring of minority businesses in the Charlotte East area. His company is located on Industrial Drive in the heart of the Plaza Eastway coalition of over 18 diverse neighborhoods and the future Eastway Regional Recreation Center. A member of the Charlotte Better Business Bureau, James was an active member in the Calvary Apostolic Church holding various leadership positions until it's closure. He has mentored over six successful Waste Sanitation Service companies.

#### VIII. Awards and honors:

Outstanding Contribution Honor Award, B.E. Mays High School, September 3, 2011; James and the services of K&S Sanitation was selected by BFI, now Republic Waste, as a minority subcontractor during privatization of City of Charlotte Waste Management in 1996. James helped build strong relationships in customer service throughout the south Charlotte service area. James continues to operate a very successful and enterprising operation employing 14 people and servicing more than 14,000 customers.

IX. Additional comments

Mr. Knuckles has been a resident and business of the Charlotte East community for over 50 years. His dedication and commitment to mentoring young minority entrepreneurs will leave an indelible impression on the Charlotte business community. Waste Sanitation Service many times represents an unwanted occupation; although, it is essential. Mr. Knuckles motto continues to be. "Just because we haul trash; does not mean that we look like it." James provision of an access easement connecting Eastway Regional Recreation Center to Briarwood Elementary School and Briarwood Community Park is another commitment of his service to the Charlotte East community. This easement will not only allow for connection to a wider public recreation service system but will also provide a means for continued collaboration/outreach with The Charlotte Mecklenburg School System concerning health and wellness within inner City neighborhoods. Dedication of this important connection (easement) is contingent upon approval of the naming application.

**REVISED**  
**Mecklenburg County Facility Naming Policy**

**Purpose**

To establish consistent guidelines for naming buildings and other property, including public areas, owned by Mecklenburg County.

**Guidelines**

- I. The authority to name or rename Mecklenburg County (County) facilities is vested with the Board of County Commissioners, which must be done so by votes of a majority of the entire membership of the Board.
- II. Facilities to be named or renamed must be either owned by Mecklenburg County or leased by Mecklenburg County for its use when the lease agreement allows such naming.
- III. Renaming of County facilities shall only take place if at least one of the following conditions is met:
  - (a) A minimum of twenty (20) years has passed since the adoption of the existing name;
  - (b) The facility has been relocated;
  - (c) The facility's function has changed
- IV. Facilities owned or leased by Mecklenburg County shall not be named for living persons except for:
  - (a) Living persons who make a significant financial contribution to the development or acquisition of a facility when such a contribution is made with the intent and agreement of the Board of County Commissioners that the facility will be named for the contributor. Outside of an agreement, it should not be assumed that a monetary donation guarantees that a facility will be named for the contributor;
  - (b) Living persons who have made a major contribution to the enhancement of the quality of life in the community and are widely recognized and highly regarded for their work in the community;
  - (c) Leased property that has been given a name by the lessor that is a living person's name and has locational or other value.
- V. Official names or titles for facilities owned or leased by the County shall be based upon geographical, historical, ecological, functional or other such factors as the Board of County Commissioners considers appropriate. If geographical reference of locational value is derived from the name of a person, such as a street name, it may be used in naming County facilities.
  - (a) A County facility under construction or renovation may be given a "working title" which will only become the official name if approved by the Board of County Commissioners;
  - (b) The County will respect historical names already associated with a leased facility or may be negotiated with the owner of the facility.
- VI. Memorial naming of County facilities:
  - (a) The deceased individual who is being honored by such a memorial shall have made a major contribution to the enhancement of the quality of life in the community and is widely recognized and highly regarded for their work in the community;
  - (b) For recording purposes, submission of a brief biography shall be made by the person(s) requesting a memorial;
  - (c) Only in rare circumstances and for just cause shall a County facility that has previously been named in honor of or memorial to an individual be renamed;

- VII. Facilities shall only be named for elected officials once a minimum of fifteen (15) years has passed since the individual served in elected office.
- VIII. Selection of names should be managed in such a way that prevents duplication and/or confusion.
- IX. Exceptions to this policy may be made by the Board of County Commissioners as it determines appropriate.

**Application process**

Applications for naming and/or renaming of Mecklenburg County facilities may be submitted by individual citizens, independent groups, staff and/or members of the Mecklenburg County Board of County Commissioners, to the Mecklenburg County Manager's Office, using the Exhibit 1 form. Applications will go through an extensive screening process, including a background check if the request is to name County property for an individual. Once the application has passed the screening process, a Public Hearing Notice will be placed in the local newspaper 10 days in advance of the hearing. During the Public Hearing, citizens will have an opportunity to express their support or opposition of the naming/renaming request. Naming/renaming requests originating in Park and Recreation will follow the process outlined in the Park and Recreation Public Areas and Facilities Naming Policy, which is attached herein as Appendix 1.

## Appendix 1

### Park and Recreation Public Areas and Facilities Naming Policy

#### General Policy Statement

The Board of County Commissioners (BOCC) shall be responsible for approving all names for public areas and facilities of Mecklenburg County Government **consistent with the Mecklenburg County Facilities Naming Policy**. All such petitions and other requirements surrounding the naming and/or renaming of public areas and facilities will be entertained and recommended for consideration by individual citizens, independent groups, staff and/or other approved governmental bodies. Staff and/or citizen advisory boards will comply by conducting three (3) public readings of the proposed names during a timed agenda item identified as Community Workshop at their monthly meeting. Therefore, these readings will require a ninety (90) day public input process before being recommended to the BOCC. Citizen comments regarding the proposed naming/renaming may be presented verbally during the Community Workshop(s) or in written letter, facsimile or email form to the staff. Prior to solicitation or placement of a proposed name on "any" agenda, the staff will first give notice to the BOCC through a Request for Board Action supported by appropriate background information on the need for naming/renaming of the proposed public area and/or facility under consideration. Participation by the BOCC will be encouraged for becoming involved in the naming/renaming process for the public area and/or facility under consideration.

#### Presentation to the Staff

The Staff will receive written, facsimile or email applications ONLY. Requests may come from any Mecklenburg County resident, organization, or the staff of Mecklenburg County. The application request will include as much background data as possible indicating why a particular name should be designated for a particular area or facility. Recommended names for consideration should be submitted no less than 180 days in advance of the public area and/or facility's proposed dedication.

#### Criteria for Consideration

- I. The Staff will accept applications from any County citizen or group of County citizens who wish to recommend the naming of a public area and/or facility in honor of a person, historical event, natural phenomenon or geographic location.
- II. The Staff may recommend the name of an individual for a public area or facility, when that individual has made exceptional contributions to the County. Such contributions may have been rendered in money, land, time or in overall public service and/or promotion of public service. Exceptional service to the County and/or Community at-large in all areas of public service is equally acceptable.
- III. Generally, the Staff believes that facilities within a public area and/or facility should not have separate names, but should bear the name of the public area or facility itself. When a facility within a public area or facility that has already been named is to be named, the inner-facility will in some manner denote its affiliation with the encompassing area or facility.
- IV. The name must not duplicate, or be closely related, or pronounced similarly, to any other name within the County, or any other local municipal system(s) so as to minimize any/all confusion to the general public.
- V. When the Staff feels that the contribution of a particular individual or group of individuals warrants the name to be associated with a public area or facility that already has a name, the community or the Staff may request to add that name to the existing name. Only one (1) additional name may be added and no more than two (2) names may be given to any area or facility.

- VI. Recognizing that it is appropriate to change names of a public area or facility under certain conditions, the BOCC reserves the right to change the name of an area or facility after a minimum of twenty (20) years. This time frame applies only to those public areas and facilities that have been named for an individual.
- VII. When naming or re-naming a public area or facility, the Staff may accept and present applications to the citizen advisory and neighborhood bodies ONLY after solicitation of BOCC involvement. If appropriate, at a first public hearing have discussion; hear public discussion at a second public hearing; and take action at a third public hearing. All of which to occur during a period not to exceed ninety (90) days from the first public meeting.
- VIII. Applications for the naming of a public area 200 acres or less or a facility of 10,000 square feet or less initially must be supported by a petition of a least twenty-five (25) signatures of adult residents within the service radius displaying support of the request.
- IX. A public area of more than 200 acres or a facility of more than 10,000 square feet serving more than just the nearby community or neighborhood will require a petition of one-hundred (100) adult signatures of Mecklenburg County residents accompanying the application.
- X. An application or changing the name of an existing public area or facility by addition of another name or a complete name change shall require a petition of a least one hundred (100) signatures of adult residents of Mecklenburg County in support of the request.
- XI. The BOCC may desire to place a plaque at an appropriate location within a public area or facility, whereby the names of individual(s) may be placed for their contributions. This action may occur when the BOCC finds that it is inappropriate to name a public area or facility in its entirety for the individual(s).
- XII. When, following solicitation and there has not been a suggested title or appropriate suggested title for a new, public area and/or facility, Staff may then determine an appropriate title for recommendation to the BOCC.
- XIII. Certain features in public areas and/or facilities could be named for such things as flowers, birds, animals, etc. instead of people. Consideration for naming these items should be at the discretion of the Staff and need not be presented to the BOCC.
- XIV. On occasions there will be organized or unorganized opposition to the naming/renaming of a public area and/or facility. In this case, the opposing party/parties must submit a written statement to the BOCC or its designees, detailing the specific reasons for their objections. Either could require Staff to have the opponents appear before them to answer questions concerning their written statement of opposition. Organized opposition should also follow the general requirements in opposing a request just as the proponents followed when making the request. The opposition can also be requested to provide a petition.
- XV. When opposition occurs to a request, the Staff will automatically delay action on the naming/renaming of the public area and/or facility for at least ninety (90) days in order to evaluate the opposition's information and provide a reasonable timeline to support the decision-making process.
- XVI. During the process of opposition the Staff will be responsible for informing the public of the status of the naming/renaming request, via:
  - (a) Issuance of Public Service Announcements (PSA) via local media forms.
  - (b) Site signage.

(c) Internet, etc.

All available information devices will be used to encourage public participation and involvement reflecting all pro/con viewpoints held by different elements of the citizenry. Such information must be available for review by the public for a minimum period of thirty (30) days.
