Mecklenburg County Tax Rate Portal

Tax Rates

Calculating the Property Tax Rate

Mecklenburg County property tax rate is 48.31 cents per \$100 in property value. Therefore, to calculate your county property taxes, take the assessed value of your property, divide by 100, and then multiply by 0.4831.

For example, the owner of a \$200,000 house will have an annual County tax bill of \$966.20.

Please note: Your total tax bill will also include a municipal tax from the City of Charlotte or one of the six County towns plus a County and municipal solid waste fee (if applicable).
