## ATTACHMENT A

## **ATTACHMENT B**

### **Police Services Funding Formula**

1. The Board of County Commissioners retains the right to determine whether any law enforcement service district tax will be levied for the ETJ Areas, and if so, in what amount or amounts. However, the parties have agreed that the amount of payment to the City will be partly determined by what such a maximum law enforcement service district tax of 21.46 cents would generate, if levied. The parties to this Agreement agree that any language in this Agreement that implies, or might be interpreted to imply, that the Board of County Commissioners is obligated to levy a law enforcement service district tax in the ETJ Areas will not be interpreted in that manner.
2. In Fiscal Year 2019, the County will pay the City a minimum of \$14,560,000 plus an amount calculated as what any additional revenue over \$14,560,000 would be generated by the increase in assessed value in the ETJ Areas; this amount would be calculated as if an assumed law enforcement service district tax of 21.46 cents were levied. The minimum payment of \$14,560,000 will be increased only if the value of the estimated taxable property is such that the assumed tax rate of 21.46 cents would yield more than \$14,560,000 for the ETJ Areas. This will be considered the baseline for all future years.

For purposes ONLY of calculating the payment to the City, the current assumed property tax rate of 21.46 cents will be adjusted in years of revaluation to a revenue neutral rate per the North Carolina General Statutes [G.S. 159-11(e)].

For Fiscal Year 2020 and beyond, the calculation of the payment will be determined by adjusting the prior year's payment by the percentage of change due to natural growth in the value of estimated taxable property, as determined by the County Assessor. Natural growth does not include the increment generated from the equalization of Public Service Companies. Adjustments to increase the payment will only occur if the value of the estimated taxable property is such that the revenue neutral tax rate equivalent to an assumed tax rate of 21.46 cents would yield more than \$14,560,000 for the ETJ Areas. The maximum annual increase will be 5%.

As the property tax base in the ETJ Areas might be modified from time to time as a result of annexation, de-annexation and the addition of new assessed property or the revaluation of currently assessed property, the calculated revenue will be adjusted to reflect the totality of property values in the ETJ Areas.

3. If any portion of the ETJ Areas is annexed by the City or any other municipality after this Agreement is executed, the calculation of payment to the City shall be calculated at a presumed law enforcement service district rate of no greater than 21.46 cents or the equivalent revenue neutral tax rate as provided above, such that the remaining property in the reduced ETJ Areas would not experience any net increase in taxes should the Board of County Commissioners levy a law enforcement service district tax in the ETJ Areas.

### **Lake Patrol Agreement**

1. Situational Awareness conducted by the CMPD lake enforcement officers will focus on the critical infrastructure of Lake Norman. Specifically, McGuire Nuclear Station, Cowan's Ford Dam, and the two water intakes will be patrolled on a daily basis. During these patrols, officers will be checking for suspicious boats, persons, aircraft, or other items in the water near these locations. The officers will ensure that there are no boats or other items in the water near or within the buoyed area of the nuclear station, dam, or water intakes. Specifically, regarding the water intakes, officers will check for any foreign objects attached to the structure such as ropes, wires, or cables.
2. CMPD Lake Enforcement officers will be available to assist Cornelius with any priority one call when they are on Lake Norman. CMPD Lake Enforcement will respond from Mountain Island Lake or from an off-duty status to those incidents involving hostile actions against the nuclear station, the dam, or one of the water intakes. CMPD will assist at other times within existing mutual aid agreements when resources are available. CMPD Lake Officers that are off duty are considered to be "not available". CMPD prefers that all requests for assistance be made by police radio on the "North" talkgroup and that CMPD's 911 communications center be used as a last resort.
3. CMPD will maintain a policing role both Lake Norman and Mountain Island Lake. CMPD officers will have a situational awareness role on Lake Norman and a law enforcement / boating safety role on Mountain Island Lake. CMPD's North Division will have four Lake Enforcement Officers to handle responsibilities on both Lake Norman and Mountain Island Lake. The officers will have a situational awareness role on Lake Norman and a law enforcement/boating safety role on Mountain Island Lake. The peak season schedule- May through September will be 7 days a week. Officers will be scheduled during late afternoon and evening hours on Friday, Saturday, and Sunday. This will be to perform their boating safety role on Mountain Island Lake. On Mondays through Thursdays, they will be scheduled during daytime hours and will split their time between both lakes. The off-peak season schedule, October through April, will be 7 days a week and will be daytime hours. The officers will split their time between both lakes each day.
4. CMPD will perform all policing responsibilities on Lake Wylie.
