- **Business and civic experience:** My business and civic experience has been multifaceted over the course of the five years that I have called Charlotte home. I moved here first and foremost to be an educator within the Charlotte-Mecklenburg School system and for the past five years, that has been my primary focus. I spent four years solely in the classroom teaching science at West Charlotte HS & the LIFT Academy and have now transitioned outside of the classroom to help effectively deploy and implement technology in our classrooms and coach our teachers on how best to use instructional technology resources at West Charlotte High School. My time in the classroom at the LIFT Academy is why I am applying to be a part of the Juvenile Crime Prevention Council. I saw firsthand what worked and what didn't work with regard to teaching and building fundamental relationships with students who had not previously been successful in high school. I also saw the benefit of certain programming and outside organizations that served the student population that I was educating inside of the classroom during the school day. Public education is my passion and I am currently working on my Principal license and my Master's degree through the School Executive Leadership Academy at Queen's University.

My business experience, outside of public education, has been primarily in real estate. I own a few rental properties that I manage and lease myself and am also licensed to help

Subject: Intent & Application for the JCPC - Kevin Poirier

Mecklenburg Board of County Commissioners,

I hope this email finds you well. My name is Kevin Poirier and I am writing to ask for your consideration for an appointment to fill one of the vacancies on the Mecklenburg County Juvenile Crime Prevention Council (JCPC).

I have spent the last 5 years working at West Charlotte High School, 4 of which I spent full-time as a teacher working with students at the LIFT Academy, a program for students who had found themselves off-track and at-risk of dropping out of school. This past year, I taught one class and led our technology initiatives working to close the digital divide and train teachers on instructional technology. With my experience at West Charlotte HS and the LIFT Academy, I have seen firsthand the benefit of effective programming and the impact that quality organizations can have on our youth.

I know what transformation looks like and also can recognize best practices when it comes to empowering young people to realize their potential even when they seem like they may be on the wrong track. I believe that I have the experience and knowledge to contribute and serve on this advisory board.

I have submitted my application for this vacancy online and hope that you will consider me for one of the appointments to the JCPC.

If your schedule permits, I would love to sit down with you to introduce myself and share more about why I would like to serve on the JCPC. My contact info is below.

Thank you all for your service to Mecklenburg County,

Kevin
