Staff Contact: Tim Trautman, LUESA - Storm Water Services

Presentation: No

BACKGROUND/JUSTIFICATION:

On July 1, 2006 Charlotte-Mecklenburg became the first local entity in the country to be given the authority to process Letters of Map Change (LOMCs) as part of a FEMA pilot program. These LOMCs make conditional and permanent changes to our Flood Insurance Rate Maps, which are used for floodplain management activities such as rating flood insurance, regulating development, assessing existing flood risk, etc.

The requested actions are necessary to continue the program and associated funding into the fourteenth year so that Charlotte-Mecklenburg Storm Water Services will be reimbursed by FEMA for the actual cost of processing LOMCs within Mecklenburg County, the City of Charlotte and all six towns. The annual grant application window opened April 19 and closes June 18, 2019. The Mecklenburg County grant proposal review and approval process is in progress.

PROCUREMENT BACKGROUND:
