Clean Air Carolina was founded in 2003 by a group of passionate volunteers determined to improve the quality of Mecklenburg County's air. Clean Air Carolina now champions a statewide initiative to raise North Carolina's air quality to exceed that of scientific recommendations. Their mission is to ensure cleaner air quality for all North Carolinians through education and advocacy and by working with our partners to reduce sources of pollution. The "Clearing the Air in the Historic West End" report was developed by Clean Air Carolina and the Historic West End AirKeepers. The report was presented to the
